Raymond Chelf

has successfully completed the online Professional Certificate

Dell Technologies Technical Customer Support Specialist

Upon completing this program, learners will receive the Dell Technologies Technical Customer Support Specialist Certificate. This certificate signifies that learners have demonstrated the ability to analyze and resolve common issues faced by early- career tech support professionals face. Learners will have proven foundational knowledge of consumer and enterprise hardware, networking, and cybersecurity principles. Additionally, learners will exhibit their capability to apply best practices for exceptional customer service. Earning this certificate signifies your readiness to tackle technical challenges and excel in customer support roles.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
