Hardware and Operating System Foundations III

Hardware and OS Foundations Capstone

ILLINOIS TECH

Sep 17, 2026

Raymond Chelf

has successfully completed the online Specialization

Hardware and Operating System Foundations

This specialization provides a comprehensive introduction to the features, management, and security of both Windows and Linux operating systems. You will master command-line tools, registry management, and system security protocols while preparing for industry-standard certification objectives. This program is ideal for those pursuing a career in IT support, system administration, or as a pathway into the Master of Information Technology and Management program at Illinois Tech.

Kevin Vaccaro

Kevin Vaccaro
Adjunct Industry Professor, Information Technology and Management

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
